

# Marci Rohlfing

## Administrative Assistant

### A B O U T M E :

Marci has been on staff since summer, 2022. As administrative assistant, she loves that her role is to support her team members and that she gets to engage in all the different ministries that meet on campus. While her job is primarily organization and communications, she enjoys the connections she makes with members of our church and community best of all. Marci is married to our lead pastor, Richard Rohlfing and they are raising three wild, bright and lovely children. In her spare time, she enjoys baking, traveling and being outdoors, and a chance to be slothful and hold the couch down.
